## THRIFT HALLMARKS A NATION

Saving the almighty dollar in order to gratify one's desires in the matter of personal purchases has been a working force in society for all time. To save for the sake of hoarding the golden ducats is a form of insanity that has afflicted the misers of all time. To save in order to make another stronger is the highest form of thrift known. And in exercising this virtue of laying aside extra dollars from our present surpluses, for the better living of society when times may not be so generous, we carry in us the marks of the true Canadian patriot.

He who loves his country is no waster. He knows his savings form the capital that makes business go. The dollar soon doubles itself and total savings of a thrifty people mark out the nation as a really great one. Love of our Canadian home land demands of every resident from the Yukon to Cape Breton, that he save his surplus dollars against a possible rainy day. The thirty man is one of Canada's big patriots.

Tomorrow is the last day in which American citizens, living in Canada, and between 21 and 30 years of age, will have the chance of registering with the American consuls. Those between 18 to 20 and 31 to 45 years of age have until Oct. 12th to register for the American draft.

Principal McRae has been under the weather for a few days, this week.

Sunday School Rally Day will be observed on Sunday morning, at 11 o'clock. A cordial invitation is extended to all.

Bring in that scrap iron, now, before the snow comes and covers it up.

The Allies are making good on every front. They have the Turks on the run in Palestine, and the Bulgars in Macedonia. They are still on the offensive on the Western front and are gradually subduing the Bolsheviks in Russia.

There are a few loads of wheat coming into town, but they are few and far between.

## RED CROSS

Friday Sept. 20th, 16 members present. Work handed in by Mrs. Grace and Mrs. Horsch each 1 pneu jacket. Mrs. Evans 1 pair socks, Alice and Mary Deadmarsh 31 handkfs. Work finished at meeting, 19 flannel binders, 30 towels.

**BUSY BIDEFORD**

There is a lonesome look about our usually busy town since the young men left to assist in harvesting work farther afield. Dan McLeod, Jack Kennedy and Andy Rummus left for the Moose Jaw district, where we hear they have succeeded in finding well paid work on the farms where the threshing is in full swing. The girls are finding it a dull time without Bideford's boys to keep them merry and bright.

Lizzie McLeod has taken a position in one of the principal stores in Kerrobert and we hear she likes the place very much.

Finding he was so welcome in our town the Stork paid a return visit and left at the home of Slim and Mrs. Wellnor a baby boy. We hear he is as good as gold and quite as heavy.

The housewives are busily engaged in canning fruit. We had a glimpse into a Bideford basement that would delight the heart of Hania and all other Food Folk. Rows of luscious looking peaches, plums, apricots, etc., made one's mouth water. After all, a plentiful supply of fruit is one of nature's best tonics, nicest to take at any rate, and beats castor oil to a frazzle.

Talking of fruit, this expert canner, who has had considerable year's experience in the art of "putting up" fruit, informs me that the right proportion of sugar is one cupful to two cups of water. A good wrinkle to us Old Country green ones who are unaccustomed to water our preserves at all.

Mrs. Eric Brookman has left town for a vacation with her friends in Minneapolis. We wish her a good time and safe return home again.

There are no lovelier tints in nature than the ruddy rose "hips" whose brilliance is now tempting the birds to make their meals and incidentally to carry on the work of seed distribution. We learned last winter how to utilize these pretty products of the wild rose. They should be gathered while red, topped and tailed, and then baked in the oven. Then they can be stored away for future use. They are boiled in hot water, with sugar to taste, and cinnamon, strained and the rosy juice thickened with cornstarch and you have an inexpensive, delicious and nutritious dessert. Serve with cream.

Reggie Staley and Geo. Conquest returned from the camp, near Alsask, to spend Sunday at home, motoring in Dunk McLeod's car with Slim at the wheel.

Whooping cough is prevalent everywhere and is especially distressing amongst the tiny folks. We regret to hear that Sandy and Mrs. Morris lost their little one, only eight weeks old, a victim to this dread disease. One cannot be too careful in keeping the children away from infection for the air seems full of it now.

Dunk McLeod is in charge of an elevator at Keddleston, Sask.

J. C. and Mrs. Watling left by car for Calgary on a trip combining business and pleasure.

N. Dwight Robinson and family motored to Saskatoon, last week, on a visit to Dr. Robinson and his wife.

Mr. Stinson writes from Alix that there is an abundant water supply, excellent pasture and fine prospects for mixed farming. Mrs. Stinson was the recipient of a set of Pyrex ware from her friends in this district.

**POINTERS**

Patches in war-time are often an evidence of patriotism.

There are many people who praise God from whom all blessings flow and then proceed to waste them.

Saving brings its own reward compounded.

The Teutonic peoples have built up a great military machine and are trained and forced to deny themselves. If the allied nations the denial is left largely to the individuals.

The measure of your love of freedom is your willingness to deny our so that the strength of the nation for war effort will be increased.

Self-denial must take the form of money-saving—thrift.

It is for every one of us to say how much patriotic endeavor, how much loyal sacrifice we will make by saving our money, by "doing without," so that each day will see a surplus to add to our own and the nation's strength.

Everything you buy a thing you do not need you interfere with Canada's war work. Every dollar you spend on things not strictly necessary is a dollar not merely wasted but used to employ labor on things that have nothing to do with our efforts to win the war for freedom.

Those who do not fight must save.

The man who saves for his country helps himself.

Too much of the time of Canadian workers is being purchased by us to make things that are for show and pleasure.

**Letter of Thanks**

I wish to thank the "Lover of Fair Play" who wrote the letter letting me know the person concerned in the keeping and branding of one of my heifers, that was missed off the farm, during my absence last winter. I also wish to thank those that kept it, for keeping it in such good condition, until claimed, and for advertising it so freely.

# Kitchener was right

when he said—

*"Either the Civilian population must go short of many things to which it is accustomed in times of peace or our armies must go short of munitions and other things indispensable to them."*

NOW, the only way we can possibly live up to that obligation is by going without in order that our soldiers may have. For the money we waste is not money at all—it is equipment, clothing, shot and shell that are urgently needed in France. By denying ourselves, therefore, we enable Canada to procure to the fullest extent the materials and labor which she and our Allies need for the successful prosecution of the war.

What happens when we fail to save?

A pull on labor by the Government in one direction and a pull on labor by the people in the opposite

• *For the sake of your country and the boys "over there," spend cautiously. Think of what Lord Kitchener has said, and ask yourself first, "Is this something I really need or can I do without it?"*

#### Note and Comment

Women conductors have been on the street cars in Moose Jaw for several months and are making good; which is a triumph for the fair sex.

Canadian patriotism demands the practice of thrift by all her sons. The men who are holding the lines at home are they who are making it easy for the business of the country to go on with little jar to its mechanism. The steady pulling together of all citizens in the production of goods and in the conservation of all field crops marks the thrifty nation. Saving on the part of our citizens is going to be the greatest insurance we will have in Canada against a period of depression after the war. The combined capital of the individuals who make the country will form a fund of sufficient power to drive business along in a most satisfying way in spite of the prevailing hard times of such a period.

The saving man is therefore a real patriot. He has Canada's interests fundamentally at heart. May his tribe increase in these days when wealth is piling up under the spur of wartime efforts. Save because it hits both ways. It is a high form of patriotism. And it gives one's country a leg up in a critical time. Put by that extra dollar now. The long procession of thrifty dollars will make a line that will not waver—Hindenburgh or no Hindenburgh.

Remember the Sabbath day to keep it wholly without gasoline.

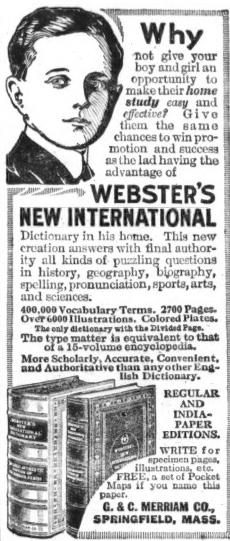

Stop the reckless spending.

Numerous complaints are being made about the roadway east of town, in front of the Alberta Pacific elevator. The road at this point is very narrow, has an angle of about forty-five degrees, and has no protection along where the gravel pit runs to the edge.

This danger spot should be fixed up right away as it will be practically impossible for use once it freezes up and the snow comes, as the slope of the road will tend to throw the sleighs over against the elevator.

The work necessary for putting this road in shape should be done at once, before any serious accidents occur.

There are men who argue that living is high, but they might try dying. A living man pays two bits for a shave, but a dead one pays \$5 and never kicks. A good black coat costs \$15, but a wooden one costs \$100. A grave digger will plant spuds at 50 cents an hour but for planting you he gets four times as much. A jitney to the show costs \$3, but one to the cemetery costs \$5. A barkeeper would fill your hide to bursting for six bits, but the embalmer pulls down \$20 for the same job. Come to think of it, there are a lot of things left to live for in this old world, despite the high prices and the dry weather.
